

## **Cinnamon Ornament Recipe**

Combine equal parts cinnamon and purchased apple sauce. Mix together by hand and roll out between two pieces of wax paper, making them about a quarter inch thick.

Using cookie cutters of any shape, gently cut out and place on wax paper lined baking sheet. Poke holes near top using a toothpick.

Bake at 200 degrees F for about 2 hours. Leave out to dry further overnight or leave out for 2 or more days to air dry.

## **Advent Wreath**
