## Story Telling Script • Moses I • Sept. Yr.2

*Place the Bible and the Jesus doll by the Storyteller.*

*Today's Storytelling uses the three Story Cards for this session found in the resources.*

*1. Mother puts Moses in river*

*2. Princess finds Moses*

*3. Princess calls servants*

Our story today is from the Bible (*show Bible*), our book that tells the stories of God and God's people, of Jesus (*show Jesus doll*), God's Son, and of how much God loves us. (*place hands over heart*) Today's story comes from the part of our Bible before Jesus was born. It is called the Old Testament. This is a long story about a very special man that God picked to be a leader. This story is so long... that it will take us today, the next time that we meet, and the time after that, to tell it! Today we are going to hear about this man when he was a baby. His name is Moses.

We heard last year about Joseph and his family and how they all moved to Egypt because there wasn't enough food for them to eat in their homeland. The people of Egypt decided to make Joseph's relatives their slaves. A slave is someone who has to work for someone else, and do exactly what the other person tells them to do, all the time. Joseph's relatives worked very hard and at dangerous jobs for the people of Egypt and in return, were treated very badly. Even so, the Egyptians were still a little bit afraid of these hard working people. The Pharaoh (he was like the King of the Egyptians,) commanded that all the newborn boys in the slave families were to be killed! Imagine how awful that was! (*pause to allow for comments*) One mother trusted in God and knew that God would take care of her son, so she decided to send her son Moses, away, rather than let him be killed. She had a daughter named Miriam, also. (*Card 1*) Moses' mother and her daughter Miriam took the baby and a basket down to the water's edge, closed the cover and pushed the basket out into the river. Moses' mother told Miriam to follow the basket and find out where it went. So Miriam followed the basket down the river (*point to the basket in the created scene*) until it came to rest in some reeds at the water's edge. (*point to the basket in the scene*) (*Card 2*) It just happened that the Pharaoh's daughter- a princess- had come to that very spot with her helpers to take a bath! The princess found the basket in the reeds (*see the young daughter watching*). The princess was so happy that she decided to keep the baby as her own. (*Card 3*) She was the one who named him "Moses," which means "He was drawn out of the water." The princess knew that she would need help taking care of a baby, and so she asked Miriam and Moses' mother to come and help.

Moses was saved!

Amen.

*(After an appropriate pause, the Storyteller goes on to explain the activities of the day.)*

## **Clean Mud:**

### Ingredients:

3 bars of Ivory Soap, grated (prior to activity)

1-2 rolls of toilet paper, torn apart

warm water

Put the soap and toilet paper pieces into a dish tub or water table. Gradually add a warm water, and mix.

Continue to add small amounts of water, until a nice “muddy” consistency is obtained.

This is a great squish and squeeze, tactile activity. Supply plastic non-latex gloves for those who do not wish to handle the mixture.
